G Cadd9 Em D
I wanna say forever We could be good together

G Cadd9 Em D
Guess misery love's company

G Cadd9 Em D
Better too late than never You know we could do better

G Cadd9 Em D
So take a chance and run with me

Everywhere we go will turn to paradise
All I know is that I need you in my life
Let me show you how it feels to roll the dice
You know you want it
Just say the word
Whatever we would do
We do it just for fun
You only get so many trips around the sun
I wanna say forever
We could be good together
Guess misery love's company
Better too late than never
You know we could do better
So take a chance and run with me
Everywhere we go will turn to paradise

All I know is that I need you in my life
Let me show you how it feels to roll the dice
You know you want it
Just say the word
Everywhere we go will turn to paradise
All I know is that I need you in my life
Let me show you how it feels to roll the dice
You know you want it
Just say the word
Everywhere we go will turn to paradise
All I know is that I need you in my life
Let me show you how it feels to roll the dice
You know you want it
Just say the word
Everywhere we go will turn to paradise
All I know is that I need you in my life
Let me show you how it feels to roll the dice
You know you want it
Just say the word
